Metrix+™
Innovative Excellence

Multi-purpose Moisture Meters are precision instrument have wide application it applies the most advanced core technology in MCU application field, MM-2A+ Pocket type handy small in size big Back Light Dual display LCD with temperature & Humidity measurement.

MM-Wa comes with dual sensor One is built in with the instrument and another extended cable probe. which features accurate output, convenient operation and 4-level of % Range in steps with large back light LCD able to measure Environmental Temperature, Humidity, auto temperature compensation for environmental varying. can be applied in measuring the moisture level in the woods, un specified items like bamboo, paper pulp, leather, tea, Jute, packed food, building materials, building walls and some ayurvedic medicine & plants. Hold function enables to freeze reading and auto power off in 2 minutes if there is no operation saves battery power.

MM-2A+   **MM-Wa**

Technical Specifications:

Model	MM~2A	MM~Wa	Maximum error	Resolution
Moisture Range	2% ~ 40%	2% ~ 40%	± 1% + 0.5	0.5%
	2% ~ 50%	2% ~ 50%		
	2% ~ 60%	2% ~ 60%		
	2% ~ 70%	2% ~ 70%		
Temperature	- 10℃ ~ 60℃	- 10℃ ~ 60℃	± 1℃	0.1℃
Humidity	20%RH ~ 95% RH	20%RH ~ 95% RH	± 5.0% RH	0.1% RH
Data Hold	Yes			
Low battery indication	yes			
Back Light	Yes	Yes		
Power	1.5V AAA x 2	2 x 1.5V 'AAA' battery		
Operating environment	0℃ ~ 40℃, 0%~70%RH	0℃ ~ 40℃, 20% ~ 95%RH		
Weight Moisture meter	107.7g	110gms. + Sensor		
Size	135.6x55x29.4mm Probe 9.8	135.6 x 55 x 29.4mm Probe: 147mm		
Accessories include	Manual	Detachable cap, extended cable probe, manual
